Izolet cork insulation tape is a self adhesive, cork filled, rubber based insulation tape specially designed for hot or cold lines.

It is flexible, non-hardening, non-drying, non-oxidizing tapes with excellent adhesion to all types of surfaces.

### Seals and Bonds

- ✓ All Metals
- ✓ Glass
- ✓ Plastics
- ✓ Many surfaces

### Uses

This product was especially developed for insulation and to prevent moisture vapors and condensation on pipes, fittings and tubings used in heating, air-conditioning, refrigeration and plumbing.

### Benefits

Eliminates moisture vapors and condensation  
Excellent adhesion  
Excellent flexibility  
Easy to use  
Excellent water resistance  
Non-corrosive to metals  
UV resistant

### Dimensions

3mm x 50mm  
3mm x 75mm  
3mm x 100mm  
\* Customs dimensions are available

TYPICAL PHYSICAL PROPERTIES	
Tack Free Time	Permanently Tacky
Solids Content	100%
Service Temperature	-40 °C to 120 °C
Water and Chemical Resistance	Excellent
Ozone Resistance	Excellent
Shrinkage	None

\* Custom products are available.
